

# Proposed Electricians (Scotland) Bill

## Introduction

A proposal for a bill to provide for the protection of title and registration of electricians. The consultation runs from 19 August to 10 November 2020. All those wishing to respond to the consultation are strongly encouraged to enter their responses electronically through this survey. This makes collation of responses much simpler and quicker. However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document. Questions marked with an asterisk (\*) require an answer. All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response. Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded. Please ensure you have read the consultation document before responding to any of the questions that follow. In particular, you should read the information contained in the document about how your response will be handled. The consultation document is available here: [Consultation Document](#) [Privacy Notice](#)

I confirm that I have read and understood the Privacy Notice attached to this consultation which explains how my personal data will be used

## About you

Please choose whether you are responding as an individual or on behalf of an organisation. Note: If you choose "individual" and consent to have the response published, it will appear under your own name. If you choose "on behalf of an organisation" and consent to have the response published, it will be published under the organisation's name.

on behalf of an organisation

Which of the following best describes you? (If you are a professional or academic, but not in a subject relevant to the consultation, please choose "Member of the public".)

*No Response*

Please select the category which best describes your organisation

Commercial organisation (company, business)

**Optional: You may wish to explain briefly what the organisation does, its experience and expertise in the subject-matter of the consultation, and how the view expressed in the response was arrived at (e.g. whether it is the view of particular office-holders or has been approved by the membership as a whole).**

Electrical contractor covering domestic and commercial for 50 years I am the owner/manager

Please choose one of the following:

I would like this response to be published anonymously

## Aim and approach

Q1. Which of the following best expresses your view of the proposed Bill?

Partially supportive

**Please explain the reasons for your response.**

I am concerned that there has not been enough investigation about possible negative impact every response I have read appears to be viewed through rose tinted specs

Q2. What do you think would be the main practical advantages of the proposed Bill?

Traceability

Q3. What do you think would be the main practical disadvantages of the proposed Bill?

When someone realises that plenty of bad installations are carried out by qualified electricians attitudes will change especially from currently supportive politician's

Q4. Which of the following best expresses your view of the establishment of a single register for electricians?

Partially supportive

**Please give any views or comments on a single register and how it might be set up**

Considering there are 2 levels approved electrician/electrician I am concerned how this will work with the register

Q5. Which of the following best expresses your view of establishing protection of title for electricians?

Partially supportive

**Please give any views or comments either on the principle or practical operation of protection of title:**

As before I'm concerned how the 2 levels will work

## Financial Implications

Q6. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have on:

	Significant increase in cost	Some increase in cost	Broadly cost-neutral	Some reduction in cost	Significant reduction in cost	Unsure
(a) Government and the public sector			X			
(b) Businesses	X					
(c) Individuals			X			

**Please explain the reasons for your response**

It's usually the way

Q7. Are there ways in which the Bill could achieve its aim more cost-effectively (e.g. by reducing costs or increasing savings)?

Unlikely

## Equalities

Q8. What overall impact is the proposed Bill likely to have on equality, taking account of the following protected characteristics (under the Equality Act 2010): age, disability, gender re-assignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, sexual orientation?

Neutral (neither positive nor negative)

Q9. In what ways could any negative impact of the Bill on equality be minimised or avoided?

*No Response*

## Sustainability

Q10. Do you consider that the proposed Bill can be delivered sustainably, i.e. without having likely future disproportionate economic, social and/or environmental impacts?

No

**Please explain the reasons for your response.**

I am concerned if further training is required some current electricians might struggle to reach the level required

## General

Q11. Do you have any other comments or suggestions on the proposal?

I think before we go ahead with this we need to know exactly what it is going to look like, I don't believe the current level of training will be acceptable especially if any dangerous incident occurs resulting in injury or worse involving a qualified electrician
