

# Proposed Electricians (Scotland) Bill

## Introduction

A proposal for a bill to provide for the protection of title and registration of electricians. The consultation runs from 19 August to 10 November 2020. All those wishing to respond to the consultation are strongly encouraged to enter their responses electronically through this survey. This makes collation of responses much simpler and quicker. However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document. Questions marked with an asterisk (\*) require an answer. All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response. Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded. Please ensure you have read the consultation document before responding to any of the questions that follow. In particular, you should read the information contained in the document about how your response will be handled. The consultation document is available here: [Consultation Document Privacy Notice](#)

I confirm that I have read and understood the Privacy Notice attached to this consultation which explains how my personal data will be used

## Aim and approach

Q1. Which of the following best expresses your view of the proposed Bill?

Fully supportive

**Please explain the reasons for your response.**

I am a Electrician and we should have a protection of our title as we can be charged and jailed if found to have caused serious injury or even death and it can lead to a long sentence or a expensive fine

Q2. What do you think would be the main practical advantages of the proposed Bill?

To stop cowboys from doing our type of worksn

Q3. What do you think would be the main practical disadvantages of the proposed Bill?

none

Q4. Which of the following best expresses your view of the establishment of a single register for electricians?

Fully supportive

**Please give any views or comments on a single register and how it might be set up**

if gas fitters can be registered with Gas Safe why cant Electricians not be registered as we can cause serious damage and fire and death

Q5. Which of the following best expresses your view of establishing protection of title for electricians?

Fully supportive

**Please give any views or comments either on the principle or practical operation of protection of title:**

Q5. Which of the following best expresses your view of establishing protection of title for electricians?

it gives general public the trust that who they get to carry out there works are registered and can make a compliant to the proper body

## Financial Implications

Q6. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have on:

	Significant increase in cost	Some increase in cost	Broadly cost-neutral	Some reduction in cost	Significant reduction in cost	Unsure
(a) Government and the public sector			X			
(b) Businesses			X			
(c) Individuals			X			

**Please explain the reasons for your response**

it counts in every way no mater if it cheaper or more expensive it should give you peace of mind that the operative/company are compliant

Q7. Are there ways in which the Bill could achieve its aim more cost-effectively (e.g. by reducing costs or increasing savings)?

this is not for me to decide this is up to the people on the consultation panel to decide

## Equalities

Q8. What overall impact is the proposed Bill likely to have on equality, taking account of the following protected characteristics (under the Equality Act 2010): age, disability, gender re-assignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, sexual orientation?

Unsure

**Please explain the reasons for your response.**

I personally dont see a point in this question at all

Q9. In what ways could any negative impact of the Bill on equality be minimised or avoided?

do not look on a negative side as this is the biggest thing in this industry ever since the grading of Electricians since 1967

## Sustainability

Q10. Do you consider that the proposed Bill can be delivered sustainably, i.e. without having likely future disproportionate economic, social and/or environmental impacts?

Yes

**Please explain the reasons for your response.**

if it can work for Gas fitters it can work for Electricians as it will get the non qualified people out of the work face as I have been in the industry since 1965

## General

Q11. Do you have any other comments or suggestions on the proposal?

my answer to this do not sit on your your hands let get this protection of title in place now
